61. (1) Before any goods are removed from a warehouse the proprietor of the goods shall deliver to Customs an entry thereof in such form and manner and containing such particulars as the Comptroller may direct. *(Amended by Act 20 of 2010)*

(2) Subject to any provision of this or any other Act or of any instrument made thereunder as to the purposes for which any goods may be warehoused, goods may be entered under this section for any of the following purposes, that is to say—

- (a) for home use;
- (b) for exportation;
- (c) for use as stores;
- (d) subject to such conditions and restrictions as the Comptroller sees fit to impose, for removal to another warehouse approved for the warehousing of such goods;
- (e) subject to such conditions and restrictions as aforesaid, for removal for such other purposes, to such places and for such periods as the Comptroller may allow.

Duty chargeable on warehoused goods

62. (1) Save as permitted by or under this Act, no goods shall be removed from a warehouse until all duty chargeable on those goods has been paid.

(2) Except as provided by section 66(3) the duties and rates chargeable on warehoused goods shall be those in force with respect to the goods of that class or description at the time of the registration of customs entry to remove the goods from the warehouse. *(Amended by Act 20 of 2010)*

(3) Subject to subsection (4), the amount payable in respect of any duty chargeable on goods shall be calculated in accordance with the account taken of those goods upon their first being warehoused, except that where the goods are—

- (a) spirits;
- (b) wine;
- (c) tobacco;
- (d) hydro carbon oils,

the calculation shall be in accordance with the quantity of such goods ascertained by weight, measure or strength at the time of actual delivery of

the goods, unless the Comptroller considers that the difference between the first account and the amount delivered is not explained by natural evaporation or other legitimate cause, in which case the calculation shall be in accordance with that first account.

(4) Where warehoused goods have deteriorated or have been damaged to such a degree that the Comptroller is satisfied that they have become unsaleable, he shall allow such abatement of the duty chargeable on them as, in his opinion, the amount of the deterioration or damage bears to the original value of the goods.

Removal of warehoused goods without payment of duty

63. Without prejudice to any other provision of this Act authorising the removal of goods from warehouse without payment of duty, the Comptroller may permit warehoused goods entered for removal for any purpose other than home use to be removed for that purpose, subject to such conditions and restrictions as he may see fit to impose, without payment of duty, provided that, where any condition or restriction imposed under this section is contravened or not complied with, the goods shall be liable to forfeiture.

64. (1) The following provisions of this section shall have effect in relation to any goods which are deposited in customs warehouse under or by virtue of any provision of this Act.

(2) The Comptroller may appoint any place for the deposit of goods, for the security of those goods and of any duty chargeable on them, and any place so appointed shall be referred to in this Act as a customs warehouse.

(3) Where, in respect of any goods which may or are required to be warehoused, the Comptroller is of the opinion that it would be undesirable or inconvenient to deposit such goods in a customs warehouse, he may deem those goods to be deposited in a customs warehouse, and the provisions of this section shall then apply to those goods as if they were deposited in such a warehouse.

(4) Such rent as may be prescribed by the Governor by Order shall be payable in respect of any goods deposited in a customs warehouse.

(5) The Governor may remit or authorise the refund of any rent payable or paid in respect of any goods deposited in a customs warehouse.

(6) The Comptroller may, in respect of any goods deposited in a customs warehouse, do all such acts as appear to him necessary for the custody and preservation of such goods, and the expenses of so doing shall be payable in addition to any other charges payable in respect of those goods.

(7) If any goods deposited in a customs warehouse are in the opinion of the Comptroller of such a nature as to require special care or treatment, then—

- (a) the goods shall, in addition to any other charges payable on them, be chargeable with such expenses for the securing, watching and guarding of the goods as the Comptroller may consider necessary;
- (b) the Comptroller shall not be liable to make good any damage which the goods may sustain; and
- (c) unless the goods were deposited under section 29(1)(c), if the proprietor of the goods does not within fourteen days from the date of their deposit clear the goods, the Comptroller may sell the goods.

(8) Save as the Comptroller may otherwise permit, all goods deposited in a (customs) warehouse shall be removed from that warehouse within two months from the date of their deposit, and any goods not so removed may be sold.

(9) Save as permitted by or under this Act, no goods shall be removed from a Customs warehouse until all duty chargeable on those goods, and any charges—

- (a) in respect of the removal of the goods to the customs warehouse; and
- (b) arising by virtue of subsections (3), (4) and (6),

have been paid and in the case of goods requiring entry and not yet entered, until entry of those goods has been made.

(10) Any officer having custody of goods in a customs warehouse may refuse to permit the goods to be removed until it is shown to his satisfaction that all freight charges due on those goods have been paid.

Offences in relation to warehouses and warehoused goods

65. (1) If any person, except with the authority of Customs or for just and sufficient cause, opens any door or lock of a warehouse or a customs warehouse or makes or obtains access to any such warehouse or to any goods in such a warehouse, he shall be guilty of an offence and liable to a fine of \$10,000, or to imprisonment for two years, or to both, and may be arrested. *(Amended by Act 20 of 2010)*

(2) Where—

- (a) any goods which have been entered for warehousing are taken into a warehouse without the authority of, or otherwise than in accordance with any direction given by, Customs; *(Amended by Act 20 of 2010)*

- (b) save as permitted by or under this Act, any goods which have been entered for warehousing are removed without being duly warehoused or are otherwise not duly warehoused;

(3) Where any person is in any way concerned with the taking, removal, loading, concealing or non-delivery of goods, as described in subsection (2), he shall be guilty of an offence and liable to a fine of \$5,000.

(4) Where any person is in any way concerned with the taking, removal, loading, concealing or non-delivery of goods as described in subsection (2), with intent to defraud the Government of any duty chargeable on those goods or to evade any prohibition or restriction for the time being in force with respect to those goods under or by virtue of any enactment, he shall be guilty of an offence and liable to a fine of \$10,000, or to three times the duty payable whichever is the greater, or to imprisonment for two years, or to both, and may be arrested.

Provided that, the Comptroller may determine the fractions to be taken into account in the case of any weight or quantity.

(3) For the purpose of calculating any amount due from or to any person under any customs enactment by way of duty, drawback, allowance, repayment or rebate, any fraction of a cent in that amount shall be disregarded.

Special provisions

70. (1) If any goods, being goods chargeable with any duty on their importation into or exportation out of Montserrat—

- (a) are imported or exported in any package intended for sale, or of a kind normally sold with those goods, and the package is marked or labelled or commonly sold as, or reputed as containing a specified quantity of those goods, then the package shall be deemed to contain not less than that specified quantity of those goods;
- (b) are imported or exported in any package intended for sale, or of a kind normally sold with those goods, but the package is not marked or labelled, or commonly sold as, or reputed as containing a specified quantity of those goods, then, unless the importer or exporter is able to satisfy the Comptroller as to the net weight of the goods, the duty shall be calculated on the gross weight of the package and the goods;

71. (1) Where any goods, being goods previously entered for home use in Montserrat, are imported into Montserrat, after exportation from Montserrat, and it is shown to the satisfaction of the Comptroller that—

- (i) no duty was chargeable on those goods on any previous importation into Montserrat, or that if any duty was so chargeable, it has been paid;
- (ii) that no drawback has been paid or duty refunded on their exportation or that any drawback so paid or duty so refunded has been repaid; and
- (iii) that the goods have not undergone any process out-side Montserrat since their exportation,

those goods may be permitted to be imported, subject to such conditions and restrictions as the Comptroller may see fit to impose, without payment of duty.

(2) Where, under any provision of any customs enactment, any goods are, subject to any condition or restriction, relieved from any duty chargeable on them, and that condition or restriction is contravened or not complied with, the duty relieved shall become payable by the person who, but for that relief, would have had to pay that duty, and the goods in respect of which the relief was granted shall become liable to forfeiture.

(3) Any goods relieved from duty by virtue of any provision of any customs enactment shall, upon a demand made by an officer, be produced or otherwise accounted for to him, and if any person fails to produce or account for such goods he shall be guilty of an offence and liable to a fine of \$5,000, or three times the duty payable whichever is the greater, and if any goods not produced or accounted for are subsequently found, they shall be liable to forfeiture.

Abatement of duty

72. (1) Subject to subsection (2), where the Comptroller is satisfied in respect of any imported goods that—

- (b) the carrier or insurer has made an allowance to the importer in respect of the deterioration, damage, loss or destruction,

the Comptroller shall allow such abatement of the duty chargeable on those goods as, in his opinion, the amount of the deterioration, damage, loss or destruction bears to the original value of the goods.

(2) Where duty has already been paid on goods in respect of which an abatement would be allowable under subsection (1), no repayment of the amount of the abatement shall be made unless the claim is made within six months of the date of the payment of the duty.

Goods imported only temporarily for re-exportation

73. (1) The Governor acting on the advice of Cabinet may by Regulations prescribe that goods imported temporarily with a view to re-exportation be delivered on importation without payment of duty. (*Amended by Act 9 of 2011*)

under any such Order, and for the forfeiture of any goods involved in any such offence.

Valuation

79. (1) Where under any enactment relating to an assigned matter duty is chargeable on goods by reference to their value, that value shall in the case of imported goods be determined in accordance with the provisions of the Second Schedule.

(2) When it is necessary, in determining the value referred to in subsection (1) to establish the equivalent in Eastern Caribbean dollars, the rate of exchange to be used shall in any period be that provided for this purpose by the Comptroller and published by him in the manner he considers appropriate.

(3) Where, by virtue of subsection (2), anything seized or detained by a police officer is not delivered up to the Comptroller within seven days notice in writing of the seizure or detention, containing full details of the thing seized or detained, shall be given to the Comptroller, and any officer shall be permitted to examine and take account of that thing at any time while it remains in the custody of the police.

(4) The Fourth Schedule shall have effect in relation to appeals against the seizure of anything seized as liable to forfeiture under any customs enactment, and for proceedings for the condemnation as forfeited of that thing.

(5) Notwithstanding that anything seized as liable to forfeiture has not been condemned as forfeited, or deemed to have been condemned as forfeited, the Comptroller may at any time he sees fit—

(a) deliver it up to any claimant upon the claimant paying to the Comptroller such sum as the Comptroller thinks proper, being a sum not exceeding that which in the Comptroller's opinion represents the value of the thing, including any duty chargeable thereon which has not been paid; or

(b) if the thing seized is a living creature or is in the Comptroller's opinion of a perishable nature, sell or destroy it.

(6) The restoration, sale or destruction under subsection (5) of anything seized as liable to forfeiture shall be without prejudice to any right of appeal against its seizure.

(4) Where any cargo, has been imported into Montserrat upon any vessel or aircraft and any part of that cargo is afterwards found to be missing then, if the master of the vessel or the commander of the aircraft is unable to account for that missing cargo to the satisfaction of the Comptroller, that vessel or aircraft shall be liable to forfeiture.

(3) Where any vessel is liable to a fine under subsection (2), but the Comptroller is not satisfied that such a fine is adequate in relation to the offence committed, the Comptroller may take proceedings under the Fourth Schedule for the condemnation as forfeited of that vessel in any sum not exceeding \$10,000 as the court thinks fit.

(4) Where condemnation proceedings are taken under subsection (3), the Comptroller may require such sum as he thinks fit, not exceeding \$10,000, to be deposited with him and until that sum is so deposited, he may withhold clearance of that vessel.

(5) No claim shall lie against the Comptroller for damages in respect of the payment of any deposit or the detention of any vessel under this section.

VALUE OF IMPORTED GOODS**1. (1)** In this Schedule—

- (a) **“customs value of imported goods”** means the value of goods for the purpose of levying *ad valorem* duties of customs on imported goods;
- (b) **“produced”** includes grown, manufactured and mined;
- (c) **“identical goods”** means goods produced in the same country which are the same in all aspects, including physical characteristics, quality and reputation. Minor differences in appearance shall not preclude goods otherwise conforming to the definition from being regarded as identical;
- (d) **“similar goods”** means goods produced in the same country which, although not alike in all respects, have like characteristics and like component materials which enable them to perform the same functions and to be commercially interchangeable. The quality of the goods, their reputation and the existence of a trademark are among the factors to be considered in the determining goods are similar;
- (e) **“identical goods”** and **“similar goods”**, as the case may be, do not include goods which incorporate or reflect engineering, development, artwork, design work, and plans and sketches for which no adjustment has been made under paragraph 8(1)(b)(iv) because such elements were undertaken in Montserrat;
- (f) **“goods of the same class or kind”** means goods which fall within a group or range of goods produced by a particular industry or industry sector, and includes identical or similar goods.

(2) For the purpose of this Schedule—

- (a) persons shall be deemed to be related only if—
 - (i) they are officers or directors of one another’s business;
 - (ii) they are legally recognised partners in business;
 - (iii) they are employer and employee;
 - (iv) any person directly or indirectly owns, controls or holds 5% or more of the outstanding voting stocks or shares of both of them;
 - (v) one of them directly or indirectly controls the other;
 - (vi) both of them are directly or indirectly controlled by a third person; or

- (vii) together they directly or indirectly control a third person; or
 - (viii) they are members of the same family;
- (b) one person shall be deemed to control another when the former is legally or operationally in a position to exercise restraint or direction over the latter;
- (c) persons who are associated in business with one another in that one is the sole agent, sole distributor or sole concessionaire, however described, or the other shall be deemed to be related only if they fall within the criteria of sub-paragraph 2(a);
- (d) the term “**person**” means a natural or legal person;
- (e) an event shall be deemed to occur about the same time as another event if the first event occurs on the same day as the other event or within the forty five days immediately before or the forty five days immediately after, the day on which the other event occurs.
2. (1) The customs value of imported goods shall be determined under paragraph 3 whenever the conditions prescribed therein are fulfilled.
- (2) Where such value cannot be determined under paragraph 3, it shall be determined by proceeding sequentially through paragraphs 4 to 7, inclusive, to the first such paragraph under which it can be determined, subject to the provision that, where the importer requests it and the Comptroller agrees, the order of application of paragraphs 6 and 7 shall be reserved.
- (3) Except as provided for in sub-paragraph (2), it is only when the customs value of imported goods cannot be determined under a particular paragraph that the provisions of the next paragraph in the sequence established by sub-paragraph (2) can be applied.
- (4) Where the customs value of imported goods cannot be determined under paragraphs 3 to 7, inclusive, it shall—
- (a) be determined using reasonable means consistent with the principles and general provisions of this Schedule;
 - (b) to the greatest extent possible, be based on previously determined customs values; and
 - (c) make use of the methods of valuation laid down in paragraphs 3 to 7, inclusive, using, where necessary, reasonable flexibility in their application.
- (5) No customs value shall be determined under sub-paragraph (4) on the basis of—
- (a) the selling price in Montserrat of goods produced in Montserrat;
 - (b) a system which provides for the acceptance for customs purposes of the higher of two alternative values;
 - (c) the price of goods on the domestic market of the country of exportation;

- (d) the cost of production, other than computed values which have been determined for identical or similar goods in accordance with paragraph 7;
- (e) the price of the goods for export to a country other than Montserrat;
- (f) minimum customs values; or
- (g) arbitrary or fictitious values.

3. (1) The customs value of imported goods determined under this paragraph shall be the transaction value, that is, the price actually paid or payable for the goods when sold for export to Montserrat, adjusted in accordance with paragraph 8, and in appropriate cases paragraph 9, provided—

- (a) that there are no restrictions as to the disposition or use of the goods by the buyer, other than restrictions which—
 - (i) are imposed or required by law or by the public authorities in Montserrat;
 - (ii) limit the geographical area in which the goods may be resold; or
 - (iii) do not substantially affect the value of goods;
 - (b) that the sale or price is not subject to some condition or consideration for which a value cannot be determined with respect to the goods being valued;
 - (c) that no part of the proceeds of any subsequent resale, disposal or use of the goods by the buyer will accrue directly or indirectly to the seller, unless an appropriate adjustment can be made in accordance with paragraph 8; and
 - (d) that the buyer and seller are not related, or where the buyer and seller are related, that the transaction value is acceptable for customs purposes under sub-paragraph (2).
- (2)** (a) In determining whether the transaction value is acceptable for the purposes of sub-paragraph (i), the fact that the buyer and the seller are related within the meaning of paragraph 1 shall not in itself be grounds for regarding the transaction value as unacceptable. Where necessary, the circumstances surrounding the sale shall be examined and the transaction value shall be accepted provided that, the relationship did not influence the price, if, in the light of information provided by the importer otherwise, the Comptroller has grounds for considering that the relationship influenced the price, he shall communicate the grounds to the importer who shall be given a reasonable opportunity to respond.
- (b) In a sale between related persons, the transaction value shall be accepted and the goods valued in accordance with subparagraph (1) whenever the importer demonstrates that such value closely approximates to one of the following occurring at or about the same time—

- (i) the transaction value in sales, between buyers and sellers who are not related in any particular case, of identical or similar goods for export to Montserrat;
- (ii) the customs value of identical or similar goods, as determined under paragraph 6;
- (iii) the customs value of identical or similar goods, as determined under paragraph 7;

in applying the foregoing tests, due account shall be taken of demonstrated differences in commercial levels, quantity levels, the elements enumerated in paragraph 8 and costs incurred by the seller in sales in which he and the buyer are not related that are not incurred by the seller in sales in which he and the buyer are related.

- (c) The tests set forth in sub-paragraph 2(b) shall be used at the initiative of the importer and only for comparison purposes. Substitute values may not be established under that subparagraph.
- (3) (a) The price actually paid or payable is the total payment made or to be made by the buyer to or for the benefit of the seller the imported goods.

Payments may be made directly or indirectly, need not necessarily take the form of a transfer of money, and shall include—

- (i) all payments made or to be made as a condition of sale of the imported goods by the buyer to the seller or by the buyer to a third party to satisfy an obligation of the seller; and
- (ii) any settlement by the buyer, whether in whole or in part, of a debt owed by the seller.

- (b) Activities, including marketing activities, undertaken by the buyer on his own account, other than those for which an adjustment is provided in paragraph 8, are not considered to be an indirect payment to the seller, even though they might be regarded as of benefit to the seller or have been undertaken by agreement with the seller, and their cost shall not be added to the price actually paid or payable in determining the customs value of imported goods.

(4) The customs value of imported goods shall not include the following charges or costs, provided that, they are distinguished from the price actually paid or payable for the imported goods—

- (a) charges for construction, erection, assembly, maintenance or technical assistance, undertaken after importation or imported goods such as industrial plant, machinery or equipment;
- (b) customs duties and other taxes payable in Montserrat by reason of the importation or sale of the goods;
- (c) the cost of transport after importation;
- (d) landing charges.

(5) The fact that goods which are the subject of sale are entered for home use within Montserrat shall be regarded as adequate indication that they were sold for export to Montserrat. This indication shall also apply where successive sale of goods have taken place before valuation. Where such successive sales have taken place each price resulting from them may be used as a basis for valuation.

4. (1) (a) The customs value of imported goods determined under this paragraph shall be the transaction value of identical goods sold for export to Montserrat and exported at or about the same time as the goods being valued.

(b) In applying this paragraph, the transaction value of identical goods in a sale at the same commercial level and in substantially the same quantity as the goods being valued shall be used to determine the customs value. Where no such sale is found, the transaction value of identical goods sold at a different commercial level and/or to quantity, shall be used, provided that, such adjustments can be made on the basis of demonstrated evidence which clearly establishes the reasonableness and accuracy of the adjustment, whether the adjustment leads to an increase or a decrease in value.

(2) Where the costs and charges referred to in paragraph 8(1)(e) are included in the transaction value, an adjustment shall be made to take account of significant differences in such costs and charges between the imported goods and the identical goods in question arising from differences in distances and modes of transport.

(3) In applying this paragraph—

(a) if more than one transaction value of identical goods is found, the lowest such value shall be used to determine the customs value of the imported goods;

(b) a transaction value for goods produced by different person shall be taken into account only when no transaction value can be found under sub-paragraph (1) for identical goods produced by the same person as the goods being valued; and

(c) a condition for adjustment because of different commercial levels or different quantities shall be such adjustment shall be made only on the basis of demonstrated evidence that clearly establishes the reasonableness and accuracy of the adjustment.

(4) For the purposes of this paragraph, the transaction value of identical imported goods means a customs value previously determined under paragraph 3, adjusted as provided for in sub-paragraph (1)(b) and (2).

5. (1) (a) The customs value of imported goods determined under this paragraph shall be the transaction value of similar goods sold for export to Montserrat and exported at or about the same time as the goods being valued.

(b) In applying this paragraph, the transaction value of similar goods in a sale at the same commercial level and in substantially the same quantity as the goods being valued shall be used to determine the

customs value. Where no such sale is found, the transaction value of similar goods sold at a different commercial level and/or in different quantities, adjusted to take account of differences attributable to different quantities shall be used, provided that, such adjustments can be made on the basis of demonstrated evidence which clearly establishes the reasonableness and accuracy of the adjustment, whether the adjustment leads to an increase or a decrease in value.

(2) Where the costs and charges referred to in paragraph 8(1)(e) are included in the transaction value, an adjustment shall be made to take account of significant differences in such costs and charges between the imported goods and the similar goods in question arising from differences in distances and modes of transport.

(3) In applying this paragraph—

- (a) if more than one transaction value of similar goods is found, the lowest such value shall be used to determine the customs value of the imported goods;
- (b) a transaction value for goods produced by a different person shall be taken into account only when no transaction value can be found under sub-paragraph (1) for similar goods produced by the same person as the goods being valued;
- (c) a condition for adjustment because of different commercial levels or different quantities shall be that such adjustment shall be made only on the basis of demonstrated evidence that clearly establishes the reasonableness and accuracy of the adjustment.

(4) For the purposes of this paragraph, the transaction value of similar imported goods means a customs value previously determined under paragraph 3, adjusted as provided for in subparagraphs (1)(b) and (2).

6. (1) (a) If the imported goods or identical or similar imported goods are sold in Montserrat in the condition as imported, the customs value of the imported goods, determined under this paragraph, shall be based on the unit price at which the imported goods or identical or similar imported goods are sold in the greatest aggregate quantity, at or about the time of the importation of the goods being valued, to persons who are not related to the persons from whom they buy such goods, subject to deduction for the following—

- (i) either the commissions usually paid or agreed to be paid or the additions usually made for profit and general expenses (including the direct and indirect costs of marketing the goods in question) in connection with sales in Montserrat of imported goods of the class or kind;
- (ii) the usual costs of transport and insurance and associated costs incurred within Montserrat; and
- (iii) the customs duties and other taxes payable in Montserrat by reason of the importation or sale of the goods.

(b) If neither the imported goods nor identical nor similar imported goods are sold at or about the time of importation of the goods being valued, the customs value of imported goods determined under this paragraph shall, subject otherwise to the provisions of subparagraph (1)(a), be based on the unit price at which the imported goods or identical or similar imported goods are sold in Montserrat in the condition as imported at the earliest date after the importation of goods being valued but before the expiration of ninety days after such importation.

(2) If neither the imported goods nor identical nor similar imported goods are sold in Montserrat in the condition as imported, then, if the Comptroller so decides, the customs value shall be based on the unit price at which the imported goods, after further processing, are sold in the greatest aggregate quantity to persons in Montserrat who are not related to the persons from whom they buy such goods, due allowance being made for the value added by such processing and the deductions provided for in subparagraph (1)(a). Where this method of valuation is used, deductions made for the value added by further processing shall be based on objective and quantifiable data relating to the cost of such work. Accepted industry formulas, recipes, methods of construction and other industry practices shall form the basis of the calculations.

(3) In this paragraph, the unit price at which imported goods or identical or similar imported goods are sold in the greatest aggregate quantity is the price at which the greatest number of units is sold in sales to persons who are not related to the persons from whom they buy such goods at the first commercial level after importation at which such sales take place.

(4) Any sale in Montserrat to a person who supplies directly or indirectly free of charge or at reduced cost for use in connection with the production and sale for export of the imported goods any of the elements specified in paragraph 8(1)(b), shall not be taken into account in establishing the unit price for the purposes of this paragraph.

(5) For the purposes of subparagraph (1)(a)(i)—

(a) profit and general expenses shall be taken as a whole. The figure for the purposes of this deduction shall be determined on the basis of information supplied by or on behalf of the importer unless his figures are inconsistent with those obtaining in sales of the imported goods of the same class or kind. Where the importer's figures are inconsistent with such figures, the amount for profit and general expenses may be based upon relevant information other than that supplied by or on behalf of the importer;

(b) in determining either the commissions or the additions usually made for profit and general expenses, the question whether certain goods are of the same class or kind as other goods shall be determined on a case-by case basis by reference to the circumstances involved. In doing this, sales for which the necessary information can be provided of the narrowest group or range of imported goods of the same class or kind as the goods being valued should be examined; and

- (c) **“goods of the same class or kind”** includes goods imported from the same country as the goods being valued as well as goods imported from other countries.
- (6) For the purposes of sub-paragraph (1)(b), the **“earliest date”** shall be the date by which sales of the imported goods or of identical or similar imported goods are made in sufficient quantity to establish the unit price.

7. (1) The Customs value of imported goods determined under this paragraph shall be based on a computed value which shall consist of the sum of—

- (a) the cost or value of materials and fabrication or other processing employed in producing the imported goods;
- (b) an amount for profit and general expenses equal to that usually reflected in sales of goods of the same class or kind as the goods being valued which are made by producers in the country of exportation for export to Montserrat.
- (c) the cost of value of the items referred to in paragraph 8(1)(e).

(2) The cost or value of materials and fabrication referred to in sub-paragraph (1)(a) above shall include the cost of elements specified in paragraph 8(1)(a)(ii) and (iii). It shall also include the value, duly apportioned, of any element specified in paragraph 8(1)(b) which has been supplied directly or indirectly by the buyer for use in connection with the production of the imported goods. The value of the elements specified in paragraph 8(1)(b)(iv) which are undertaken in Montserrat shall be included only to the extent that such elements are charged to the producer. No cost or value of an element referred to in this sub-paragraph shall be counted more than once in determining the computed value.

(3) The **“cost or value”** referred to in sub-paragraph (1)(a) shall be determined on the basis of information relating to the production of the goods being valued supplied by or on behalf of the producer. It shall be based upon the commercial accounts of the producer, provided that, these accounts are consistent with the generally accepted accounting principle applied in the country where the goods are produced.

(4) For the purpose of sub-paragraph (1)(b)—

- (a) the **“amount for profit and general expenses”** shall be taken as a whole and shall be determined on the basis of information supplied by or on behalf of the producer unless his figures are inconsistent with those usually reflected in sales of goods of the same class or kind as the goods being valued which are made by producers in the country of exportation for export to Montserrat;
- (b) if the producer’s own figures for profit and general expenses are not consistent with those usually reflected in sales of the goods of the same class or kind referred to in sub-paragraph (4)(a) the amount for profit and general expenses may be based upon relevant information other than that supplied by or on behalf of the producer of the goods;
- (c) **“goods of the same class or kind”** means goods imported from the same country as the goods being valued;

Copying/unauthorised distribution strictly prohibited.

- (d) whether goods are “**of the same class or kind**” as other goods shall be determined on a case by case basis with reference to the circumstances involved. In doing this, sales for export to Montserrat of the narrowest group or range of goods of the same class or kind as the goods being valued for which the necessary information can be provided should be examined;
- (e) the “general expenses” referred to cover the direct and indirect cost of producing and selling the goods for export which are not included under sub-paragraph (1)(a).

8. (1) In determining the customs value under paragraph 3, there shall be added to the price actually paid or payable for the imported goods—

- (a) the following, to the extent that they are incurred by the buyer that are not included in the price actually paid or payable for the goods—
 - (i) commission and brokerage, except buying commissions;
 - (ii) the cost of containers which are treated as being one for customs purposes with the goods in question;
 - (iii) the cost of packing, whether for labour or materials;
- (b) the value, apportioned as appropriate, of the following goods and services where supplied directly or indirectly by the buyer free of charge or at reduced cost for use in connection with the production and sale for export of the imported goods, to the extent that such value has not been included in the price actually paid or payable—
 - (i) materials, components, parts and similar items incorporated in the imported goods;
 - (ii) tools, dies, moulds and similar items used in the production of the imported goods;
 - (iii) materials consumed in the production of the imported goods;
 - (iv) engineering, development, artwork, design work, and plans and sketches undertaken elsewhere than in Montserrat and necessary for the production of the imported goods;
- (c) royalties and licence fees, which among other things, may include payments in respect of patents, trademarks and copyrights, related to the goods being valued that the buyer must pay, either directly or indirectly, as a condition of sale of the goods being valued, to the extent that such royalties and fees are not included in the price actually paid or payable;
- (d) the value of any part of the proceeds of any subsequent resale, disposal or use of the imported goods that accrues directly or indirectly to the seller;
 - (e) (i) the cost of transport of the imported goods to the port or place of importation;

- (ii) loading and handling charges associated with the transport of the imported goods to the port or place of importation; and
- (iii) the cost of insurance.

(2) No additions shall be made to the price actually paid or payable in determining the customs value except as provided in this paragraph.

(3) Additions to the price actually paid or payable shall be made under this paragraph only on the basis of objective and quantifiable data; and if such do not exist a transaction value shall not be determined under the provisions of paragraph 3.

(4) In this paragraph, the term “**buying commissions**” means fees paid by an importer to his agent for the service of representing him abroad in the purchase of the goods being valued.

(5) Notwithstanding sub-paragraph (1)(c)—

- (a) charges for the right to reproduce the imported goods in Montserrat shall not be added to the price actually paid or payable for the imported goods in determining the customs value; and
- (b) payments made by the buyer for the right to distribute or resell the imported goods shall not be added to the price actually paid or payable for the imported goods if such payments are not a condition of the sale for export to Montserrat of the goods.

9. (1) Charges for interest under a financing arrangement entered into by the buyer and related to the purchase of imported goods shall not be included in the customs value determined under paragraph 3 provided that—

- (a) the charges are distinguished from the price actually paid or payable for the goods;
- (b) the financing arrangement has been made in writing;
- (c) where required by the Comptroller, the buyer can demonstrate—
 - (i) such goods are actually sold at the price declared as the price actually paid or payable; and
 - (ii) the claimed rate of interest does not exceed the level for such transactions prevailing in the country where, and at the time when, the finance was provided.

(2) The provisions of sub-paragraph (1) shall apply regardless of whether the finance is provided by the seller, a bank or another person; and it shall also apply, *mutatis mutandis*, where customs value is determined under a method other than the transaction value.

Where notice of claim in respect of anything seized is duly given in accordance with paragraphs 3 and 4, the Comptroller shall take proceedings for the condemnation of that thing by the court, and if the court finds that the thing was at the time of its seizure liable to forfeiture, that court shall condemn that thing as forfeited.

7. Where anything is in accordance with either paragraph 5 or 6 deemed to have been condemned or condemned as forfeited, then without prejudice to any restoration or sale, the forfeiture shall be deemed to have had effect from the date when the liability to forfeiture arose.
