ELECTRICAL INSTALLATIONS ACT

*(Acts 9 of 1995, 3 of 1998, 18 of 2010, 9 of 2011,
1 of 2014 and S.R.O. 18/2012)*

AN ACT TO PROVIDE FOR THE LICENSING OF PERSONS WHO UNDERTAKE ELECTRICAL WIRING, FOR THE REGULATION OF SUCH OPERATIONS, AND GENERALLY FOR THE PREVENTION OR MINIMISING OF DANGER TO PERSONS OR PROPERTY ARISING FROM ELECTRICAL INSTALLATIONS.

Commencement

[2 January 1996]

PART 1

PRELIMINARY

Short title

1. This Act may be cited as the Electrical Installations Act.

Interpretation

2. In this Act—

“**Authority**” means the Licensing Authority established under section 3;

“**citizen of a protocol Member State**” means a person who is a citizen of a Member State of the Organisation of Eastern Caribbean States that is a party to the Protocol of the Eastern Caribbean Economic Union, except for a person who is a citizen as a result of meeting an economic criteria established by any Protocol Member State;
(Inserted by Act 1 of 2014)

“**company**” means Montserrat Utilities Limited (MUL) and includes any person duly authorised by the company to do an act on its behalf;
(Inserted by Act 18 of 2010)

“**Electrical Inspector**” means the Electrical Inspector appointed under section 16;

“**installation**” means the whole or part of any system of electrical wiring designed for the use or supply of electrical energy together with all fittings thereto and includes the extension or replacement of an existing installation;

“**licensed wireman**” means a person who is the holder of a valid wireman’s licence issued to him under this Act;

“**licensed wiring contractor**” means a person who is the holder of a valid wiring contractor’s licence issued to him under this Act.

Licensing Authority

3. (1) There is hereby established a Licensing Authority which shall consist of the following members—

- (a) the Permanent Secretary in the Ministry of Agriculture, Land, Housing and the Environment;
- (b) the Director of Public Works;
- (c) the Electrical Inspector;
- (d) two persons, who possess appropriate qualifications and experience in electrical installation technology; and
- (e) either—
 - (i) the Managing Director of the company, or
 - (ii) an employee of the company who possesses appropriate qualifications and experience in electrical technology, nominated by the Managing Director.

(2) The persons specified in subsection (1)(d) shall be appointed by the Governor acting on the advice of Cabinet for such period as the Governor acting on the advice of Cabinet thinks fit.

(3) The Governor acting on the advice of Cabinet shall appoint a Chairman from among the members of the Authority.

(4) The Electrical Inspector shall be the Executive Secretary of the Authority.

(5) The Authority shall have the power to regulate its own proceedings.

(Amended by Acts 3 of 1998 and 9 of 2011)

Liability of members

4. No personal liability shall attach to any member of the Authority in respect of anything done or suffered in good faith under this Act and any sums of money, damages or costs which may be recovered against them or any of them for anything done or suffered as aforesaid shall be paid out of the revenue of the Government.

PART 2

LICENSING OF WIRING CONTRACTORS AND WIREMEN

Application for licence

5. (1) A person may apply for a licence to operate as a wiring contractor or wireman if he is—

- (a) a Montserratian;

- (b) a permanent resident of Montserrat;
- (c) a citizen of a protocol Member State; or
- (d) the holder of a valid work permit authorising him to work in Montserrat.

(Amended by Act 9 of 2011 and substituted by Act 1 of 2014)

(2) An application under subsection (1) shall be in the form set out in the First Schedule and shall be accompanied by—

- (a) a certificate showing the qualifications of the applicant; and
- (b) where appropriate, an affidavit or declaration attesting the relevant experience possessed by the applicant.

Issue of licence and fees

6. (1) Subject to subsection (2), if the Authority is satisfied that a person is qualified to receive a licence, the Authority shall, on payment by the person of the requisite fee prescribed in paragraph 1 of the Second Schedule, issue to the person the licence for a period of one year or three years, as the Authority considers appropriate.

(2) The Authority may issue to a person, a temporary licence for the duration of, or in respect of, a project specified in the licence, if the person applies under section 5(1)(d) and is not a person referred to in section 5(1)(a), (b) or (c).

(3) The Authority shall provide to a person who is issued a licence, an identification card as set out in the Eighth Schedule, for the period specified in the licence.

(Substituted by Act 1 of 2014)

Conditions attached to the issue of a licence

¹**7.** A licence issued under section 6 is subject to the following conditions—

- (a) during the licensing period, a licensee shall successfully complete training for a wiring contractor or wireman conducted by or approved by the Authority; and
- (b) a licensee who is contracted by a person to undertake an installation shall present his licence to that person.

(Inserted by Act 1 of 2014)

Renewal of licence

8. (1) The holder of a licence (not being a temporary licence) issued under this Act may within fourteen days of the date of expiry of that licence

¹ Section 6A, 7A and 19A of Act 1 of 2014 are renumbered as section 7, 9 and 22 respectively and the other sections of the Act renumbered accordingly

apply to the Authority for its renewal on the form prescribed in the Fifth Schedule.

(2) A person whose licence is renewed by the Authority shall pay the renewal fee prescribed in paragraph 2 of the Second Schedule.

(3) A person who is issued a licence is deemed to be licensed until—

(a) his license expires; or

(b) he is served with a notice that his licence has been revoked.
(Substituted by Act 1 of 2014)

(4) Where on an application for the renewal of a licence the Authority refuses to renew that licence, the Authority shall within seven days of its determination notify the applicant in writing of its decision and the reasons in support thereof.

Register of wiring contractors and wiremen

9. (1) The Executive Secretary shall establish and maintain a register of licensed wiring contractors and wiremen, in which he shall enter—

(a) the name and address of a licensed wireman and a wiring contractor;

(b) the type of licence issued;

(c) the duration of the licence; and

(d) any other particulars as the Authority considers relevant.

(2) On paying the applicable fee prescribed in paragraph 4 of the Second Schedule, a person—

(a) may inspect the register; or

(b) is entitled to a copy of the register.

(Inserted by Act 1 of 2014)

Qualifications for issue of licence

10. (1) An applicant for a licence to act as a wiring contractor or as a wireman, who possesses the qualifications and experience outlined in the Third or Fourth Schedules as the case may be, is eligible for the issue of an appropriate licence.

(2) An applicant for a temporary licence to act as a wiring contractor or as a wireman shall be required to possess the qualifications and experience outlined in the Third or Fourth Schedules as appropriate.

(3) Notwithstanding subsections (1) and (2), the Authority may issue an appropriate licence to an applicant in any case where it is satisfied that the applicant, though not possessing the formal qualifications outlined in the Third and Fourth Schedule, has nonetheless acquired a sufficient degree of competence to be able to perform the functions of a wiring contractor or a wireman as the case may be.

Acts in respect of which a licence is required

11. (1) For the purposes of this Act a person shall be deemed to act as a wiring contractor or wireman who, whether for reward or not, undertakes to install, fix, repair, alter or replace the whole or any part of the electrical wiring of any building or site, not being the wiring or a telephone service or a lightning conductor or the wiring (including the earthing) of a wireless aerial.

(2) A person shall not be deemed to act as a wiring contractor or wireman by reason only of the fact that he manipulates a switch or connects or disconnects a plug, or replaces or installs a lamp in a socket or replaces a fuse so long as such replacement is in conformity with the relevant regulations. (*Amended by Act 1 of 2014*)

Scope of licences

12. (1) A person who is issued with a wiring contractor's licence may undertake the wiring of any type of installation in respect of a building or site.

(2) Unless the Authority stipulates otherwise a person who is issued with a wireman's licence may only undertake single phase installations for a temporary supply or for small domestic and commercial properties of less than 500 square feet.

Power of Authority to refuse to issue or cancel licences

13. (1) Subject to subsection (2), the Authority may refuse to issue or renew a licence or may cancel a licence if a person applying for a licence or a licensee—

- (a)* has been convicted of an offence involving dishonesty which he committed in the course of exercising his duties as a wiring contractor or wireman;
- (b)* has been convicted of an offence against this Act or regulations made under this Act;
- (c)* has been found guilty of gross negligence in the course of exercising his duties as a wiring contractor or wireman;
- (d)* has previously been refused a licence or renewal of a licence under this Act or has previously had his licence cancelled on any ground specified in this subsection;
- (e)* is incapable of performing his duties as a wiring contractor or wireman because of infirmity of the mind or body; or
- (f)* fails to satisfy the Authority that he is qualified under section 10 to receive and retain a licence.

(2) Before an application for a licence or renewal of a licence is refused, or before a licence is cancelled, the Authority shall give the applicant or licensee an opportunity to be heard.

(3) A person is deemed to have been given an opportunity to be heard under this section if—

- (a) he attends before the Authority personally or by a legal practitioner or other agent and makes representations before the Authority; or
- (b) he is given written notification of the date and time on which he is to attend before the Authority; and
 - (i) he fails to attend as required under the written notice; or
 - (ii) he intimates personally or by a legal practitioner or other agent, that he does not wish to be heard.

(4) Where the Authority refuses to issue or renew a licence or cancels a licence it shall cause notice of such refusal or cancellation to be served on the applicant or licensee as the case may be, either personally or by letter addressed to him at his usual or last known place of abode.

(5) Where notice of cancellation has been served in accordance with subsection (4), the licensee shall immediately surrender his licence and identification card to the Authority.

(6) A licensee who fails to surrender his licence and identification card—

- (a) after his licence is cancelled; or
- (b) when the Authority demands that he does so,

commits a summary offence and is liable to a fine of \$500.

(7) A licensee shall not be prosecuted under this section if, within twenty-four hours after the Authority demands the production of the cancelled licence and the identification card, the licensee produces the licence and identification card—

- (a) to the Authority; or
- (b) at a police station.

(8) A person may make an appeal to the Physical Planning and Environmental (Appeals) Tribunal established under section 55 of the Physical Planning Act against the decision of the Authority to refuse to issue or renew a licence or to cancel a licence and the decision of the Tribunal is final.

(Substituted by Act 1 of 2014)

Duty to produce licence or identification card

14. A person who refuses to produce his licence or identification card for inspection on demand by the Authority or by a police officer commits a summary offence and is liable to a fine of \$100. *(Substituted by Act 1 of 2014)*

Current holders of licences

15. A person who has been duly issued with a licence prior to the commencement of this Act to act as a wiring contractor or a wireman shall be deemed to be licensed under this Act for a period of six months from the date of commencement of this Act.

PART 3

INSPECTION OF INSTALLATIONS

Appointment of Electrical Inspector

16. (1) The Governor shall appoint a person to the office of Electrical Inspector and may remove or replace any person so appointed.

(2) The Electrical Inspector shall enforce this Act and shall have the right to enter at all reasonable times for the purpose of inspecting or testing any electric line or any electrical apparatus or works, upon any land or premises to which electricity is supplied or upon which electricity is generated, transmitted or distributed and the owner or occupier of the premises shall afford full facilities for such inspection.

(3) The Electrical Inspector shall have the power to direct the Company not to supply electricity to any installation, apparatus or works which he determines unsafe or which, in his opinion, fails to comply in any respect with this Act.

Notice to be given before commencement of installation

17. (1) Before commencing an installation on premises, the owner or occupier of the premises shall give notice to the Electrical Inspector in the form prescribed in the Sixth Schedule accompanied by the requisite inspection fee prescribed in paragraph 3 of the Second Schedule.

(2) No installation shall be commenced until the Electrical Inspector has signed the form prescribed in the Sixth Schedule indicating his approval for commencement of the installation.

(3) If any installation is commenced without written approval, the owner or occupier of the premises who orders such installation, or who causes such installation to be made, and the wiring contractor or wireman who undertakes the installation is liable on summary conviction to a fine of \$500.

Notice to be given on completion of installation

18. (1) On the completion of an installation on premises, the owner or occupier of the premises shall give notice to the Electrical Inspector in the form prescribed in the Seventh Schedule.

(2) The Electrical Inspector shall inspect and test the installation and, if the installation is satisfactory to him, the Electrical Inspector shall sign

the form prescribed in the Sixth Schedule indicating his approval of the completion of the installation.

(3) If the owner or occupier of premises operates or uses, or causes to be operated or used, any installation on those premises before the Electrical Inspector has signed the form referred to in subsection (2) he is liable on summary conviction to a fine of \$500.

Power to inspect at any time

19. (1) After authorising the commencement of an installation, the Electrical Inspector may, before its completion make such inspection of the installation as he may think fit.

(2) An installation, whether installed before or after the commencement of this Act may be inspected by the Electrical Inspector on giving at least twenty four hours notice to the owner or occupier of such premises.

(3) Any person who wilfully or maliciously obstructs the Electrical Inspector in the exercise of his powers under this section is liable on summary conviction to a fine of \$500 or to imprisonment for a term of three months.

Powers of the Inspector to disconnect installations which are defective

20. (1) In the event of the Electrical Inspector finding in an installation a defect which in his opinion is likely to cause danger either to persons or to property, he may—

- (a) by notice in writing posted in such place on the premises as he thinks fit or served upon the owner or occupier of the premises, suspend the operation or use of such installation;
- (b) if he considers it necessary, disconnect such installation from any apparatus supplying electrical energy to the installation or from any electric line by which electrical energy is conducted to the installation, and in any such case the said installation shall not be operated or used so long as the said notice of suspension remains unrevoked.

(2) If any person operates or uses an installation in any premises while such notice of suspension remains unrevoked he is liable on summary conviction to a fine of \$500 or to imprisonment for a term of three months.

PART 4

MISCELLANEOUS

Offences

21. (1) A person commits an offence under this Act if—

- (a) in any application for a licence under this Act, he makes a statement which is materially false, or tenders in support of any such application a certificate or licence which does not relate to him or which is false in any material particular; or
- (b) not being a licensed wiring contractor he acts as a wiring contractor or offers directly or indirectly so to act; or
- (c) not being a licensed wireman acts as a wireman or offers directly or indirectly so to do; or
- (d) he employs to act as a wiring contractor or wireman, a person who is not a licensed wiring contractor or wireman under this Act; or
- (e) being a licensed wiring contractor or wireman, he lends his licence or makes the use of his licence available to another person; or
- (f) he uses as his own, a licence not issued to him under this Act.

(2) A person who commits an offence under this section is liable on summary conviction to a fine of \$500, and on a second or subsequent conviction to fine of \$1,000 or to imprisonment for six months or to both such fine and imprisonment.

Power to amend Schedules

22. The Governor acting on the advice of Cabinet may, by Order, amend the Schedules.

(Inserted by Act 1 of 2014)

Regulations

23. The Governor acting on the advice of Cabinet may make regulations for carrying out the purposes of this Act and, in particular and without prejudice to the generality of this power, such regulations may make provision—

- (a) for the protection of consumers and of the public generally against personal injury or damage to property arising from the generation, supply or use of electricity;
- (b) prescribing the measures to be taken to prevent or minimise danger to persons or to property which may arise from the electric wiring of buildings or the manner of installing, fixing, wiring, repairing, altering, replacing, connecting, disconnecting or removing the same;
- (c) providing for enquiries to be held in connection with any accident which is or may be attributed to an escape of electricity or the state or conduct of any part of the undertaking;

- (d) regulating the performance of their duties by persons acting as wiring contractors and wiremen;
- (e) prescribing a penalty not exceeding a fine on summary conviction of \$500 for breaches or contravention of the regulations;
- (f) prescribing the qualifications of wiremen and wiring contractors;
- (g) for the examination, licensing and registration of wiremen and wiring contractors and for the issuing of certificates of competency and of registration;
- (h) prescribing the forms of certificates of competency and registration for wiremen and wiring contractors;
- (i) prescribing the fees to be charged in respect of the examination of wiremen and wiring contractors;
- (j) prescribing the forms of certification of inspection to be issued by such inspectors and the persons by whom such fees shall be paid;
- (k) prescribing the fees to be charged in respect of the licensing of wiring contractors and wiremen and the inspection of installations;
- (l) for revising the fees to be charged in respect of the licensing of wiring contractors or wiremen or fees for inspection;
- (m) prescribing the standards with which all installations shall comply;
- (n) prescribing for periodic inspection after installations are completed and for charging fees for such inspections.

(Amended by Acts 9 of 2011 and 1 of 2014)

Act to bind the Crown

24. This Act binds the Crown.
